WERE DANGEROUS MEN

Why the Mob Lynch'd Two Negro Suspects Held For the Foster Murder.

MEMBERS OF A QUEER RELIGIOUS SECT

Banded Together For the Purpose of Inflicting Summary Punishment Upon Those Who Stood in Their Way.

New Orleans, June 20.—The lynching of two negroes Wednesday night near Shreveport has created a sensation, as with the excitement dying out it was thought their lives would be spared at least until the murderer Edwards was captured. A special from Shreveport, however, says that evidence was discovered so clearly establishing the guilt of Smith and McLand as enemies of the whites and dangerous elements to be left at large among the negroes, that the people of Bossier regarded the execution as essential to the preservation of order in the parish. The victims were strung up to a tree.

The evidence obtained by the police showed the following facts: The organization of which "Prophet" Smith was the head had its origin in Houston, and was known as the Church of the Living God. The three members of the supreme council, as indicated by regular printed letter-heads which were found, were Smith and McLand, who were lynched, and Prince Edwards, the murderer of John Gray Foster. Smith, when he came to Louisiana, established himself at Shreveport, but was ordered away by the chief of police as a dangerous character. After the shooting of Foster a search of his premises was instituted, and the ark of the covenant, a rudely constructed box with hoodoo designs on and within it, was found. When it was touched by the searchers the negroes were greatly terrified, and declared that but one had advanced far enough to lay hands on the sacred box. The members of the church, known as princes, held regular meetings, at which Smith presided with the designation of "king."

The following is an exact copy from the minutes of a meeting held on the Foster plantation, showing how business was carried on and the enmity that existed between Smith and his followers and the chief of police of Shreveport and Foster, the murdered man: "The royal archive of the kingdom of God met in supreme council. Sang 'Dark Was the Night.' Opened by reading the thirty-second chapter of Isaiah. After F. K. Smith, the king, announced the meeting, he stated that he was advised of God to call the princes together in council to decide what should be done with the chief of police and his force for interfering with the king of the Church of God in Shreveport. Prince Webb being the first to arise said he was in favor of demanding six months' affliction upon the chief. Prince Hicks said he was in favor of the same; also Prince McLand; also Prince Johnson; also Prince Edwards. All concurred demanding six months' affliction on Chief Lake of Shreveport. Next case was the rockers of the building. The case was decided: All that rock the building must be punished with death within four days. A complaint was taken against J. M. Foster that he should be tormented until he gave consent that all saints leave the place."

Before he was lynched Smith confessed that he had loaded the gun with which Foster was killed. Many letters of an incendiary character written by Smith and his gang have been found. The discovery of these evidences of conspiracy led to the lynching. Sheriff Thompson of Bossier made no attempt to interfere in view of the superior numbers of the mob.

Cuba's Sugar Crop.

Matanzas, Cuba, June 20.—The sugar crop figures for this season are encouraging enough. In round numbers the production is fixed at 600,000 tons, and this has brought not far from \$30,000,000. The payment for the crop has helped to reduce the unfavorable trade balance against the island. While the price has been fair, had it been a shade higher the production would have reached 650,000 tons, but many of the planters preferred not to grind, believing that prices will be a little better next year. The cane acreage for the coming season is about one-third larger than during the last year.

Philippine Situation.

Manilla, June 20.—It is estimated that 40 insurgents were killed during the recent engagements which have occurred in Albay and Sorsogon provinces. Many insurgents are returning to their homes. General Cailles is now at Cavinti, not far from Paganjan. Charges of theft and sale of

public property are made against a number of the witnesses in the commissary cases. Provost General Davis has submitted a plan for the municipal government of Manilla. The United States Philippine commission is modifying it.

SOLD TO NORTHWESTERN

Was the Government's Interest in the Sioux City and Pacific.

Washington, June 20.—The government's interest in the Sioux City and Pacific railway company was sold at auction at the treasury department for \$1,872,000 cash and a credit of \$250,000 for the transportation of mail and troops. The sale was made to the Chicago and Northwestern Railway company, which has been operating the Sioux City and Pacific for some time.

Boss Shepard Shot At.

El Paso, Tex., June 20.—Word has been received here from Chihuahua that an attempt had been made to assassinate A. R. Shepard, who did so much to build up the city of Washington during the administration of President Grant. Shepard, after leaving the District of Columbia many years ago, went to a small settlement in the republic of Mexico, where he since has been engaged in the mining business. While Mr. Shepard was away quite a distance from his mine at Batopilas he was shot at by a Mexican in ambush, the bullet grazing his head. Shepard has great influence among the Mexicans, and is almost a king in the little town. As soon as the news of the assault became known the settlement became greatly excited. The neighborhood was searched for miles around, and the following morning the assailant was captured.

Saddlery Plant Burned.

St. Louis, June 20.—Fire which originated in the establishment of J. B. Sickles Saddlery company consumed property and stock valued at almost \$200,000. The loss is partially covered by insurance. The losing firms are the J. B. Sickles Saddlery company, J. F. Reynolds Carriage company, the Lambert Pharmacy company and several other concerns of minor importance. An explosion which could be heard for some distance occurred in the front portion of the building occupied by the Sickles company. A second later the big plate glass windows in the front of the store crashed out into the street, followed by a rush of flames, and in an instant the building was afire from top to bottom.

A Brave French Soldier.

Washington, June 20.—Information has reached the French embassy here that by a decision of the government of June 3 a French corporal has been decorated with a gold medal of the second class for an act of heroism toward two American soldiers during the campaign in China. The recipient is Corporal Daburon, a bugler of the Sixteenth regiment of colonial infantry. While the allied forces were marching on Peking, and just after they had taken Yang Tsun, two American soldiers fell into the Pei river. At the risk of his life the Frenchman jumped into the stream and succeeded in rescuing both of the Americans.

Chinese Troops Used.

Tien Tsin, June 20.—Chinese troops, with the permission of the allied forces, are occupying several small places in the neighborhood of Yangtsun, recently vacated by the foreign troops. General Lorne Campbell says the delinquents in the recent difficulties between soldiers of the allies will be severely punished. Similar troubles are not likely to occur again. General Veyron, the French commander, has heartily co-operated with the British commander, and it is determined, so far as the French are concerned, that order shall be maintained.

Special Session Called.

Chicago, June 29.—Members of the supreme lodge of the Knights of Pythias from all parts of the United States and Canada will gather in Chicago on July 9 to attend a special session, the first assemblage of the kind called since the existence of the order. The session will be held behind closed doors at the Lexington hotel, and will probably continue for a week or more. The object is to adjust the investment of the endowment funds and provide for the growing needs of the insurance branch of the organization.

Bills Signed.

Harrisburg, June 20.—Governor Stone signed the two supplemental rapid transit bills which passed the house Wednesday. One of them constitutes the governor, secretary of state and attorney general a board to pass on future applications for rapid transit charters, and the other removes ambiguity from the original bill by providing that under one charter either an elevated or an underground road, or both, or one partly elevated and partly underground, may be constructed.

TO TALK TO THE JURY

About the Publication of Mrs. Barker's Sworn Statement.

JUDGE BLAIR SCENTS THE MOTIVE.

Defense Closes Its Case and Rev. Keller is Called to the Stand in Rebuttal — Other Celebrated Trials.

New York, June 20.—All the parties to the Keller-Barker case were in court in Jersey City promptly. Previous to the resumption of the trial of Thomas G. Barker for the shooting of the Rev. John Keller there was a whispered conference between Judge Blair and the lawyers in the case, the subject of which was understood to be the publication in several papers of this city and New Jersey of what purported to be a sworn statement by Mrs. Barker of the alleged assault upon her by Mr. Keller, April 19, 1899, and which constituted, as alleged, the justification for the attempt upon Keller's life in February of this year.

County Prosecutor Erwin opened the proceedings by addressing the court and stating that the published story of Mrs. Barker had been brought to his attention, and he hoped the court would take such action as it deemed wise in the matter. The county prosecutor said to make such a statement at such a time was a violation of the line of conduct that had been laid down by the courts in such cases as the one pending.

Mr. Winkle, counsel for Barker, replied that so far as any contempt was concerned, the press might be disciplined as the court pleased. Mrs. Barker, he said, had many friends. She was not on trial, and her friends had the right to publish anything they saw fit. Personally, he and his partner, Mr. Wall, and Mr. Parker had nothing to do with the publication. The court had power to do with the matter in its charge to the jury as it saw fit. Judge Blair said he would talk to the jury when the proper time came. He continued: "There can be no doubt of the motive of the publication at this time. The court will make a rigid investigation of this reprehensible act at the proper time, and it will be thorough."

Mrs. Louisa Germond, with whom Mrs. Barker has been living ever since the shooting, was the first witness called. Miss Germond said she had seen Barker every day while in her house for two weeks before the shooting. He appeared much worried and could not read. Robert Warner and Frank H. Bennett, superintendent of the Cable company, had testified that they knew Barker as a quiet and peaceable man. Lawyer Winkle here said that the defense closed its case. No attempt was made to present Mrs. Barker's story of the alleged assault in the form of a hypothetical question to an insanity expert, as had been reported would be done.

The Rev. Mr. Keller was called to the stand in rebuttal. He said that on the morning of the shooting as he passed along the east side of Beach street, Arlington, he did not see Barker or say to him "Good morning." This was objected to by the defense, but the court overruled the objection. Mr. Keller then denied that he had seen Barker before he was shot, or that Barker had said "You damned villain, you outraged my wife."

"Did you ever outrage Mrs. Barker or attempt to do so?" asked Prosecutor Erwin. The defense objected to this question, and Judge Blair sustained the objection.

"Did you ever borrow \$83 from Mrs. Barker?" the witness was then asked.

"I did not," he replied.

Mr. Keller said he had paid money to Mrs. Barker, but it was because of threatening letters sent by Barker, and not because he owed anything. The minister then denied that Mrs. Barker left the church because of an assault upon her. He said he knew the reason, but on objection by the defense he was not allowed to tell what it was.

Mrs. Sards, with whom Keller boards, and other witnesses testified that among many Mrs. Barker's reputation for truth and veracity was bad.

Mr. William R. Fisher, an expert on mental diseases, testified that Barker was sane at the time of the shooting.

Jessie Morrison Trial.

Eldorado, Kan., June 20.—Thus far the second trial of Jessie Morrison on the charge of murder is very much against her. The defense has not introduced evidence of any consequence to support its claim of self-defense. What is considered a very important point was gained by the state in the refusal of Judge Aikman to admit as evidence the clothing worn by Jessie Morrison on the day that she gave the mortal wounds to Clara Castle. The clothing is cut and bloodstained. At the first trial it was all admitted to

the jury, while the clothing of Mrs. Castle was excluded. At this trial the situation is the reverse. By nearly all of their witnesses so far introduced the attorneys for Miss Morrison have sought to bring out two facts: that Miss Morrison showed no unusual emotion on the morning of June 22 before she killed Clara Castle, and that none of the members of her family had ever seen the razor with which Miss Morrison is supposed to have committed the deed. Judge Aikman ruled continually that questions in an effort to bring out testimony of this kind were objectionable. Jessie Morrison took the stand in her own defense, and, in reciting the story of the fight with Mrs. Castle, broke down and wept.

FOR HARMONY

Senator Hanna Appealed at the Cuyahoga County Convention.

Cleveland, June 20.—Contrary to general expectation, harmony prevailed at the Republican county convention. Senator Hanna occupied a seat on the platform and made a strong speech in favor of peace between the two factions of the party. The nominations made were pretty evenly divided between the two factions.

Among other things Senator Hanna said: "Seldom has there been any campaign of such importance as last year, bearing on questions of such moment, and this year it is the same. It will have great bearing on the president's work, and we should uphold him. This year we will elect a legislature to choose a successor to my distinguished colleague, Senator Foraker, and we should be united in the demand that he be sent back. The legislature that chooses his successor will also redistrict Ohio, and on this hangs the fate of at least five members of Ohio's congressional delegation. Let us give notice to the opposition that the Republicans are preparing for the battle of 1904."

BRIDGE COLLAPSED,

Wrecking a Worktrain and Killing and Injuring Over a Dozen.

Hendricks, W. Va., June 20.—Three men lost their lives and a dozen more were badly hurt by the collapse of a railroad bridge and the wrecking of a work train on the Dry Fork railroad near here. The dead: William Bookner, master mechanic; W. D. Crawl, fireman; laborer named Morrison. The injured are laborers.

Struck Oil in Michigan.

Niles, Mich., June 20.—A copious flow of crude petroleum was accidentally discovered on the farm of W. W. Stevens, about six miles northwest of this city, during the sinking of an artesian well. Dudley Shirley, a South Bend (Ind.) prospector, at once secured leases on 600 acres of land, including the Stevens farm, and will begin drilling for oil. The flow of crude oil from the Stevens well is steady and indications point to an inexhaustible supply. The discovery of the oil has excited the farmers in the vicinity and property values are going up.

Deeds of an Insane Man.

Bloomington, Ills., June 20.—At Broadview, this county, T. J. Reece, a farm hand, shot John Young, a prominent farmer, seriously wounding him, and then set fire to a straw stack, killed himself and was cremated. Reece suddenly appeared at the Young home and without warning opened fire. The other members of the family had narrowly escaped. Reece then ran from the house and no trace of him could be found until his partly consumed body was found in the burning straw stack. It is believed he suddenly went insane.

New Italian Ambassador.

Washington, June 20.—The new Italian minister to Japan, Mr. Meliari, arrived in this country on his way to his post, and through inadvertence his name has been given in press dispatches as the new minister to the United States. The successor to Baron Fava is Marquis Malaspina, late Italian minister at Buenos Ayres. The marquis arrived in Rome from Buenos Ayres a few days ago, and is now in conference with the Italian authorities preparatory to coming to Washington.

Canard Punctured.

Washington, June 20.—A complete denial is obtained at the state department of the story emanating from Copenhagen to the effect that the United States addressed a note to the Danish government recently relative to St. Thomas and St. Croix, demanding that the Danish government fortify the islands if it refuses to sell them to the United States. The state department has had no communication whatever with the Danish government on the subject of the Danish West Indian islands for the past three months, and it has never contemplated making any such demand as that reported.

CZAR AND UNCLE SAM

Former's Action Claimed to Be Devoid of Political Significance.

TARIFF ISSUE UP AT A CONFERENCE.

Indians Denied An Injunction to Prevent the Opening of Lands in Oklahoma—Washington Intelligencer.

Washington, June 20.—The Russian ambassador, Count Cassini, had a conference of about half an hour with Secretary Hay, during which the tariff issues which have arisen between the United States and Russia were discussed quite fully. The conference did not, however, lead to any new development in the matter. It is understood, however, that the exchanges brought about renewed assurance from the ambassador that Russia's action was entirely devoid of political importance, and was in no way connected with any general movement in Europe antagonistic to American products.

The Italian chargé d'affaires, M. Carignani, also had a talk with Secretary Hay, during which tariff matters were informally discussed. In connection with the differential duty now levied on Italian sugar, the Italian authorities state that their official relations as to imports show that no Italian sugar was brought into the United States last year.

Admiral Dewey's Views.

Washington, June 20.—Admiral Dewey called at the White House to pay his respects and inquire after Mrs. McKinley's health. The admiral leaves on Monday for Newport, R. I., to attend a meeting of the general naval board, of which he is president. The admiral says the work of the board in preparing plans to meet the contingencies of possible war are very interesting. "I think we should have a general staff in our army," said the admiral. "I should regret to see the United States involved in another war, but if one should come I hope the work of the naval board is doing may be of service in finding us prepared for it."

Revolution in Colombia.

Washington, June 20.—Dr. Martinez Silvela, the minister from Colombia, has received dispatches from the capital of Colombia which he regards as setting at rest the reports that the Colombian revolutionists are again in strong force around Panama. The minister's dispatches state that the uprising has been entirely stamped out with the exception of a few small and scattered bands operating in the neighborhood of Panama. The bands are said to have no strength in Panama city, but their guerrilla tactics in the neighborhood account for the alleged trouble experienced by Americans and other parties.

Chaffee's Official Report.

Washington, June 20.—The report of Major General Chaffee on the campaign in China is being prepared for publication at the war department. Among other matters it contains special reports upon the Russian, Japanese, French and British troops; also reports on equipment, supplies, etc., of foreign troops, and reports on different expeditions. These reports were made by United States officers, and from a military point of view are of considerable interest, but nearly all the main facts have heretofore been published.

To Divert a River.

Washington, June 20.—Acting under the general direction of Chief Hydrographer Newell, geological survey parties have just begun work in the Gunnison river valley, in western Colorado, near Montrose, which looks to diverting the river by means of a great tunnel through a mountain range into a dry and fertile valley. Another party has begun the preliminary work of diverting St. Mary's river into the Milk river valley in Montana.

Athens, O., June 20.—The Tenth district Democratic senatorial convention nominated W. M. Thompson of Franklin county and Ballard M. Yates of Pickaway county for state senators from the district.

D. Hutsinpiller of San Francisco was elected by the trustees president of the Ohio university at this place for a term of three years in place of President Super, resigned.

NOTICE.

There will be a meeting of the Democratic Executive Committee on Saturday, June 29th, 1901, at 10:30 a. m., in the parlors of the Central Hotel, Maysville, Ky. A full attendance is desired.

It is also desired that all candidates at the late Democratic primary election shall be present, or shall be represented by some duly accredited person.

T. D. SLATTERY,
Chairman Mason Co. Dem. Ex. Committee.

Gordon Sulser, Secretary.

THE people of Philadelphia are so wrought up over the infamous work of the street franchise looters, coupled with the brazen work of certain officials, that there is talk of resorting to mob law to rid the community of the gang. The Philadelphia Record, in discussing the suggestion of mobbing the looters, says:

"There is no danger that the people of Philadelphia, after electing Mayor and Councils and a delegation to the State Legislature to defraud and despoil them, will be guilty of the criminal folly of mob violence in order to obtain revenge. If obedience to the laws until they can be repealed or amended were not one of the first duties of good citizens, experience shows that in executing the decrees of Judge Lynch the real criminals often escape the fury of the mob. In this case the Governor, the Mayor and the corrupt majorities in the State Legislature and Municipal Councils are mere tools in the hands that direct them."

Right You Are.

[Dover News.]

The men who figure on going on the Republican ticket in Mason County this fall are already defeated. They will bump up against a "sure thing."

City Attorney Wood has been instructed by the State Auditor to begin prosecutions against five of Maysville's prominent grocers for violating the pure food law.

Mr. George Calvert, who was shot and wounded in the thigh Wednesday by Mr. Thad Bullock in a quarrel over a line fence, was getting along all right at last accounts. The wound is not considered very serious.

While hunting Thursday afternoon on the river shore below Aberdeen, Henry better known as "Foot" Dinger was accidentally shot in the back by his companion, "Jinks" Stockdale. The latter was on the bank and fired at a bird, the shot striking Dinger, who was some distance below him in the willows and whom Stockdale did not see when he shot. Fortunately Dinger was too far away to suffer any injury.

Mrs. Sue Remington, of Paris, is visiting her sister, Mrs. Louie Smoot, of the county.

GOOD ROADS CONVENTION.

Approaching Meeting in Louisville Under Auspices National Good Roads Association to Consider Model Highways.

Complete arrangements have been made for the Good Roads State convention, to be held in Louisville June 27 and 28. As Gov. Beckham, by proclamation, has asked the County Judges and Mayors to appoint delegates, a very large attendance is expected. All the railroads within 200 miles of Louisville will give a one-fare rate to the convention, so the trip can be made at the least expense. The conventions held elsewhere in the South have drawn large crowds, in addition to the delegates.

President Moore, of the National Good Roads Association, will have charge of the road making. He has with him a force of the finest road engineers in the world, and these will show how to build the best and cheapest roads, and how to keep them properly in repair. As the great majority of the 125,000 miles of roads in this State cannot be macadamized, a mile of modern earth road will be constructed that can be kept in order the whole year round. While these dirt roads are not equal to turnpikes when properly constructed, they make good thoroughfares and are easily kept in order, and at small expense. The building of gravel and macadam roads will also be shown after the best plans.

One of the interesting features of the convention will be the exhibition of road-making machinery. There are eight car loads of these tools, and they will be handled by experts. The use of oil to lay dust will be illustrated by practical tests, and the proper kind of drain pipes shown.

The machinery and the delegates are carried free by the Illinois Central railroad, which is helping the good roads movement.

The roads to be constructed will be made after the best plans, such as have been devised after long experience by road engineers in every part of the world.

The National Good Roads Association has been ten years in growing to its present position of power and usefulness. It first built good roads at the World's Fair, and since then has held conventions in every part of the United States. It has secured the organization of a Good Road Bureau in the Department of Agriculture, and has succeeded in having planks endorsing good roads inserted in the platforms of both parties. Its object is to promote good road legislation in every State. The next National convention will be held at Buffalo, in September, and it is hoped that this will be the greatest good roads meeting in the world. A State association will be organized at the Louisville meeting, and delegates sent from it to Buffalo.

Addresses on good roads will be made by Mr. Henry Watterson and Gov. Beckham, and by many others. The meetings will take place in the open air where the road building is going on.

The convention is purely a State affair, and it will be followed by district conventions later at Hopkinsville, Owensboro and probably Henderson.

Mr. O. R. Bright and Miss Jennie May Lander, of Flemingsburg, were married last evening by Elder Howard T. Cree. The groom is a young lawyer, while his bride is a teacher in the Flemingsburg schools.

Alonzo Wright, a young farmer near Mt. Olivet, while engaged in a bicycle race, collided with another wheelman and was cut about the face and injured internally. This is the fourth time in two years Wright has been badly hurt in accidents.

The Court of Appeals has affirmed the case of the Illinois Central Railroad Company vs. Stanley Wilson, etc., from Carlisle Circuit Court. Stanley Wilson, aged nine, was injured at Bardwell, by the cogs of a hand car while playing with the car, which was on a strip of road near the tracks. He sued and got judgment on the grounds that the car was an attractive thing to children and should have been locked or left guarded, so it could not be run. This judgment the court affirmed.

Preparations are going busily forward in Covington for the great State rally of the Christian Endeavor Societies of Kentucky, to be held there July 6, and Covington, always a gracious hostess, will outdo herself in entertaining the visitors. Almost every one of the 450 societies in the State it is expected will be strongly represented, and out of the 10,000 people connected with the work there will certainly be a splendid crowd to show their appreciation of Covington's efforts. The international convention will be in session at Cincinnati July 8th-10th.

WILL STAY AWAY.

Grant Roberts, Who Skipped Shortly After Goebel's Murder, Won't Come Back.

FRANKFORT, KY., June 19.—Grant L. Roberts, now living in Washington City, but formerly of Canton, Ohio, will not return here to serve as Deputy Collector. His brother, Collector Sam Roberts, of Lexington, has so notified Jacob Swigert, the present Deputy Collector here.

Grant Roberts, in a private letter some days ago, announced that he was to succeed Swigert and assume his office at once. He has concluded to remain in Washington.

He left Frankfort soon after the Goebel murder, and has refused to return and testify, he being in the Executive Building when the shots were fired.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage also used this wonderful medicine and to-day she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 50c. and \$1 bottles guaranteed by J. Jas. Wood & Son. Trial bottles free.

TO SPEAK IN NEW YORK.

Congressman-Elect Kehoe Honored With an Invitation to Address the Tammany Society July 4th.

Hon. James N. Kehoe, Congressman-elect from this district, has received an invitation from the Tammany Society of New York to speak at Tammany Hall at the celebration of the 125th anniversary of American independence July 4th. He has the matter under consideration and may attend the celebration. Tammany always celebrates the 4th in grand style, and has some of the most noted men of the country as speakers on these occasions.

Mr. Kehoe has won an enviable reputation as an orator, and will enter Congress with a brilliant future before him.

Knights of St. John Excursion.

The big ten-coach special train run by Maysville Commandery No. 89, Knights of St. John, Monday, June 24th, on account of the grand international parade of uniformed Knights at Cincinnati, will leave the Maysville depot at 7:30 a.m. All money made over expenses will be donated by the Knights to the new church building fund of St. Patrick's congregation. The fare for the round trip will be \$1.25. The public cordially invited. Accommodations for all.

Masterson & Clinger will begin making brick at Dover about July 1st.

A Fast Bicycle Rider

MRS. G. R. KELLER.

Wife of the Editor of the Carlisle Mercury Died This Morning—Burial Sunday.

Mrs. Fannie Keller, wife of Mr. Green R. Keller of the Carlisle Mercury, died this morning. Her death must have been rather sudden, as relatives in this city and county did not know she was seriously ill, and the sad news comes as a great shock to them.

Mrs. Keller was a daughter of the late Hervey Holton, of Germantown, and was a sister of the late Mrs. M. Waddington, of Fern Leaf, and the late Dr. J. H. Holton, of this city. She is survived by her husband and two sons, Dr. Keller, of Frankfort, and Mr. Stanley W. Keller, assistant editor of the Carlisle Mercury.

One brother, Mr. W. W. Holton, of Nevada, Mo., survives, and she leaves many relatives and a large circle of friends in this and Bracken County.

Mrs. Keller was a woman whose lovely Christian character won all who knew her, and the members of the Kentucky Press tender sincere expressions of sympathy to Brother Keller and sons in the loss they have sustained.

The telegram announcing her death stated that the funeral will take place Sunday.

Thursday was the longest day of the year.

FOR SALE—A hand-made Beasley buggy. Been used about two years. Cheap. Apply at this office.

The Elks of Georgetown, Ky., will have their first annual mid-summer fair, horse show and carnival the week of July 22nd. There will be cheap excursion rates on all railroads.

For general information about the big ten-coach special run by Commandery No. 89, Knights of St. John, Monday, June 24th, St. John's Day, call on F. Devine, Geo. Schroeder, Jos. H. Gable or M. A. Swift. Tickets on sale at the depot; \$1.25 round trip.

POYNTZ BROS. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whisky \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.

Cincinnati and Kentucky capitalists have organized the Georgetown (Ky.) Water, Gas and Electric Company, capitalized at \$200,000. J. P. Jackson, of Georgetown, is President; D. J. Hauss, Cincinnati, General Manager, and Mayor R. W. Nelson, of Newport, member of the Board of Directors. The company will control the water, gas and electric plants of Georgetown.

The Masons of Dover have decided to have their big fish fry and jubilee June 29th instead of July 4th. Some of the best orators of this section will be present and speak during the day. Among them J. W. Staton, Past Grand Master of the State, Mr. J. C. Liggett, of Ripley, Rev. J. W. Porter, of Maysville, Dr. W. M. Steen, of Augusta, Elder W. W. Hall and Rev. J. A. Sawyer.

'SQUIRE L. H. MANNEN.

A Former Popular Resident of Germantown Died Thursday Noon at Galena, Kansas.

A telegram to the BULLETIN Thursday at 2 p.m. announced the death of 'Squire Leslie H. Mannen at Galena, Kansas. Mention was made some days ago of his critical illness. He was a sufferer from sclerosis of the liver and continued to decline, the end coming at noon Thursday.

'Squire Mannen was a son of the late John Mannen, of Germantown, and was about sixty years of age. He resided most of his life on a farm near Germantown, having moved only a few years ago to Galena. His wife, who survives him, is a daughter of the late Dr. Isaac Pollock, of Germantown. He leaves five sons and one daughter. He is also survived by one sister, Mrs. Turney, of Bourbon.

'Squire Mannen was a brave Confederate, having been a member of Col. Gano's regiment of the famous John Morgan's cavalry. Previous to moving West he served several years as a Justice of the Peace of this county. He was a clever gentleman, and leaves a wide circle of friends in this section.

It has not been learned whether the remains will be brought to his old home or not for burial.

WEDDED AT NEWPORT.

Marriage of Mr. W. E. Newell and Mrs. Kate E. Bierley, Formerly of This City.

Mr. Wm. E. Newell and Mrs. Kate E. Bierley were quietly married Wednesday at Newport, Rev. J. P. Whitehead officiating.

The groom is a son of the late William Newell while the bride is the widow of the late Charles W. Bierley. She has been living at Dayton, Ohio, several years. The groom has also been residing in that city for some time.

The couple's many friends unite in congratulations and good wishes.

Mrs. Delmore Daulton is seriously ill at the family residence on East Second street.

Mr. David Mannen, of Minerva, this week made his granddaughter, Miss Bird Franklin Mannen, of Dover, a present of a house and lot at Minerva and a farm of sixty acres.

A beautiful onyx table is our special bargain for this week. Is worth \$8. Same reduction every day as on other bargains—\$1. Can be bought to-day for \$5. BALLINGER, jeweler and optician.
